Numbers Unveiled in Dreams and Visions From the Higher Realm

by Floyd R. Cox (12-08-2015)

The goal of this website has been to restore the hidden design and pattern found in the eras of the Bible. Then we need to determine whether this design came from a Designer or from a myth based upon the Jewish Kabala, or is design associated with or unveiled through dreams and visions from the Higher Realm? Or is the design somehow related to mystic, pagan numerology?

First we need to unveil the 251, 427 and 49-year patterns and then show how each pattern is connected with a dream or vision.

The 251-year Pattern

We have been exposed to time spans introduced by Archbishop James Ussher in the King James Version of the Bible, but he never found the 251-year pattern this present writer has discovered throughout the book of Genesis and elsewhere.

Ussher's work, *The Annals of the World*, was published in 1658, two years after his death.

The Annals is a chronology back to Adam, 4,004 BC, a timeline for the births, deaths and other events in the years AM (After Man). Shem was born when Noah was 502 (251 x 2), and Shem continued to live for 502 years after the flood (Ussher: pages 21 & 27). Ussher states what happened in the years 1757, 2008, and 2259, but he never observed that these dates form a 251-year pattern:

0 AM (After Man): Adam becomes human (See <http://code251.com/creation-date.pdf>).

1757 AM: Birth of Peleg, fall of Babel & nations were dispersed (Ussher: page 21).

2008 AM: Birth of Abraham (Ussher: page 22).

2259 AM: Birth of Joseph (page 29).

2513 AM: The Exodus from Egypt (page 39).

Each of these numbers after Creation is divisible by 251 except 2513. It should be 2510 AM, but Ussher made a 3-year mistake for the period between Abraham and the exodus.

Other chronologists have used these same eras, and they are not some new way of manipulating the numbers for a sensational, new scheme for a "best seller".

The pattern is also found where it is not necessary to support a chronology. Shem outlived the flood 502 years (251 x 2) and died 101 years before Joseph was born. By mixing two versions of the story, one could wrongly surmise that Noah was age 251 at the Flood. Babel fell, and the nations were divided when Peleg was born, 101 years after the Flood, 251 Sabbaticals after Adam, and Abraham was born 251 years after Babel. Life spans of Abraham, Isaac and Jacob (175, 180, 147) totaled 502 years (251 x 2).

The 427-year Pattern

Moreover, I have discovered a 427-year time pattern between Adam and Solomon's temple if we merely add 52 years between Adam and the flood and subtract 52 years between the exodus and the temple. This implies there was an original a document in which Adam, the flood, the call of Abraham, the exodus and the temple were all in sabbatical years: <http://code251.com/code427.html> The temple was founded in a jubilee year, 427 sabbaticals, that is 61 jubilees after Adam.

The Book of Jubilees says Adam lived 930 years and died in the 931st year, in the 19th jubilee. Noah's son, Shem was born two jubilees (98 years) before the flood. These legends suggest that an original version began a jubilee cycle after Adam and after the flood.

For sure, it doesn't take a genius an imam, chief rabbi, or Pope to see the simple, 251-year timeline found hidden just beneath the surface in major Biblical events, but they haven't discovered it. This work is new and different and puts everything in its proper context. There is a repetition of 251, 427 and 49 years throughout the book of Genesis and elsewhere.

Repetition of 251 Years from Joseph to the Exodus

Eventually, it became clear that the 251-year pattern I found is an integral, although hidden, part of the text. It actually belongs to the Bible and is not of any private ownership.

The 251-Year Era of Jerusalem

The patriarchs, Abraham, Isaac and Jacob, were in Joseph's family tree. Their life spans totaled 502 (251 x 2) years. Abraham lived 175, Isaac 180, Jacob 147.

Babel fell when Peleg was born, 251 sabbaticals after the creation of Adam. Abraham was born 251 years later, 251 years before the birth of Joseph. Jacob wanted to return home from his uncle in Syria in order to begin a new era after the birth of Joseph, but his uncle enticed him to stay another six years. Joseph was born to Jacob and Rachel 251 years after Abraham's birth (Genesis 30:25). Joseph entered Egypt at age 17 and became a co-ruler. This enabled his family to escape a famine when Joseph was 39, when Jacob was 130, and they spent 212 years in Egypt (39 + 212 = 251). They entered Egypt for 212 years and spent 39 years in the wilderness before conquering the east side of the Jordan (212 + 39 = 251).

Back to Dreams and Visions

Next we need to explore evidence that the above patterns, repetition and design are valid. Are they the product of demented, pagan minds, or inspired by the Higher Realm? Since we were not there, all we can do is quote our sources, which are all too often voices, dreams and visions, which may seem impossible to confirm by the rest of us.

Research should proceed with caution because Apocalyptic writings are full of dreams, visions and alleged visitations. We should remember the saying that figures don't lie, but liars figure. The bottom line is that we have little or no ability to prove or disprove such claims. We weren't there and can only quote our sources... with caution. Truth depends upon what sources we use, but it also depends on who reads them. It is written, "Thy Word is Truth", but there are many interpreters.

Direct Connection with the Higher Realm

There are [36 verses about Visions & Dreams](#) in the Bible. How did Adam know he should rest on the seventh day and rest every seventh year, until his 19th jubilee, in the 931st year? How did Noah know there would be a great flood? How did Abraham know he should sojourn in the Promised Land? How did Moses know when to lead the Israelites from Egypt? How did Solomon know when to found the temple? God allegedly appeared to them, and these appearances can be connected with the above time patterns.

Where was Mt. Sinai, where the Law was given to Moses?

Constantine's mother, Queen Helena, said it was at Mt. Musa allegedly revealed to her in a night vision in 325 AD, and this has been universally accepted until recent archaeology (Google for "Constantine's mother" "visions of Mt Sinai" = 1,170 hits).

When will the Messiah come?

In 1217 AD, Rabbi Judah ben Samuel allegedly had a vision in which Elijah appeared to him revealing that the Messiah would come after 2017 AD, after 16 jubilees. Google for "visions of Elijah" and you will receive 22,300 hits. Google for "catholic" "visions of Mary" receives 130,000 hits.

How did the Apostle Paul know that a "man of sin" would, eventually, sit in the temple of God and claim to be God?

How did he know the dead would rise first and "we who remain" would be "changed in a twinkling of an eye?"

Is this in the Old Testament?

How did he know Abraham's bondservant, Hagar, represented the Old Covenant and Jerusalem below while his wife, Sarah, represented the New Covenant and Jerusalem above?

Were these said by inspired speculation or by revelation?
